

I. **ASSUMPTION OF RISK**

While the Board of Library Trustees takes all safety guidelines and precautions seriously and will ensure that all action to make the library as safe and as sanitary as possible is taken, patrons should understand that it is not possible to guarantee that the library is free from infectious disease. Those frequenting the library during the COVID-19 pandemic do so at their own risk and in recognition that, in entering the library, there is an unavoidable risk of contracting an infectious disease. Therefore, in entering the library, patrons shall be deemed to have voluntarily assumed the risk of contracting an infectious disease and shall not hold the library or the Town responsible in the event the patron contracts an infectious disease.
